NEXTDC NE1 Newman Carrier Access

Technical information on NEXTDC's Newman facility

Overview

NEXTDC's NE1 Newman data centre is under construction and is due to open to the public in May 2024.

This information pack provides carriers with details on how to prepare to connect into NEXTDC's newest Pilbara facility in Newman, Western Australia:

NEXTDC NE1 Newman
96 Woodstock Street
Newman WA 6753

Technical information is available for licensed carriers who have signed an NDA with NEXTDC.

Timeline

The estimated completion date for conduits from the external pits to the Interconnect Room rack is early March 2024.

Early data hall access for customers is planned for late March 2024 prior to opening to the public in May 2024.

Technical information

NEXTDC provides detailed technical plans to carriers under an NDA to support their planning and construction of lead-ins.

The drawing below covers information on pits, lead-in conduits, the communications pit and pipe network, interconnect rooms and carrier rack locations. Primary and diverse paths are identified.

Further information

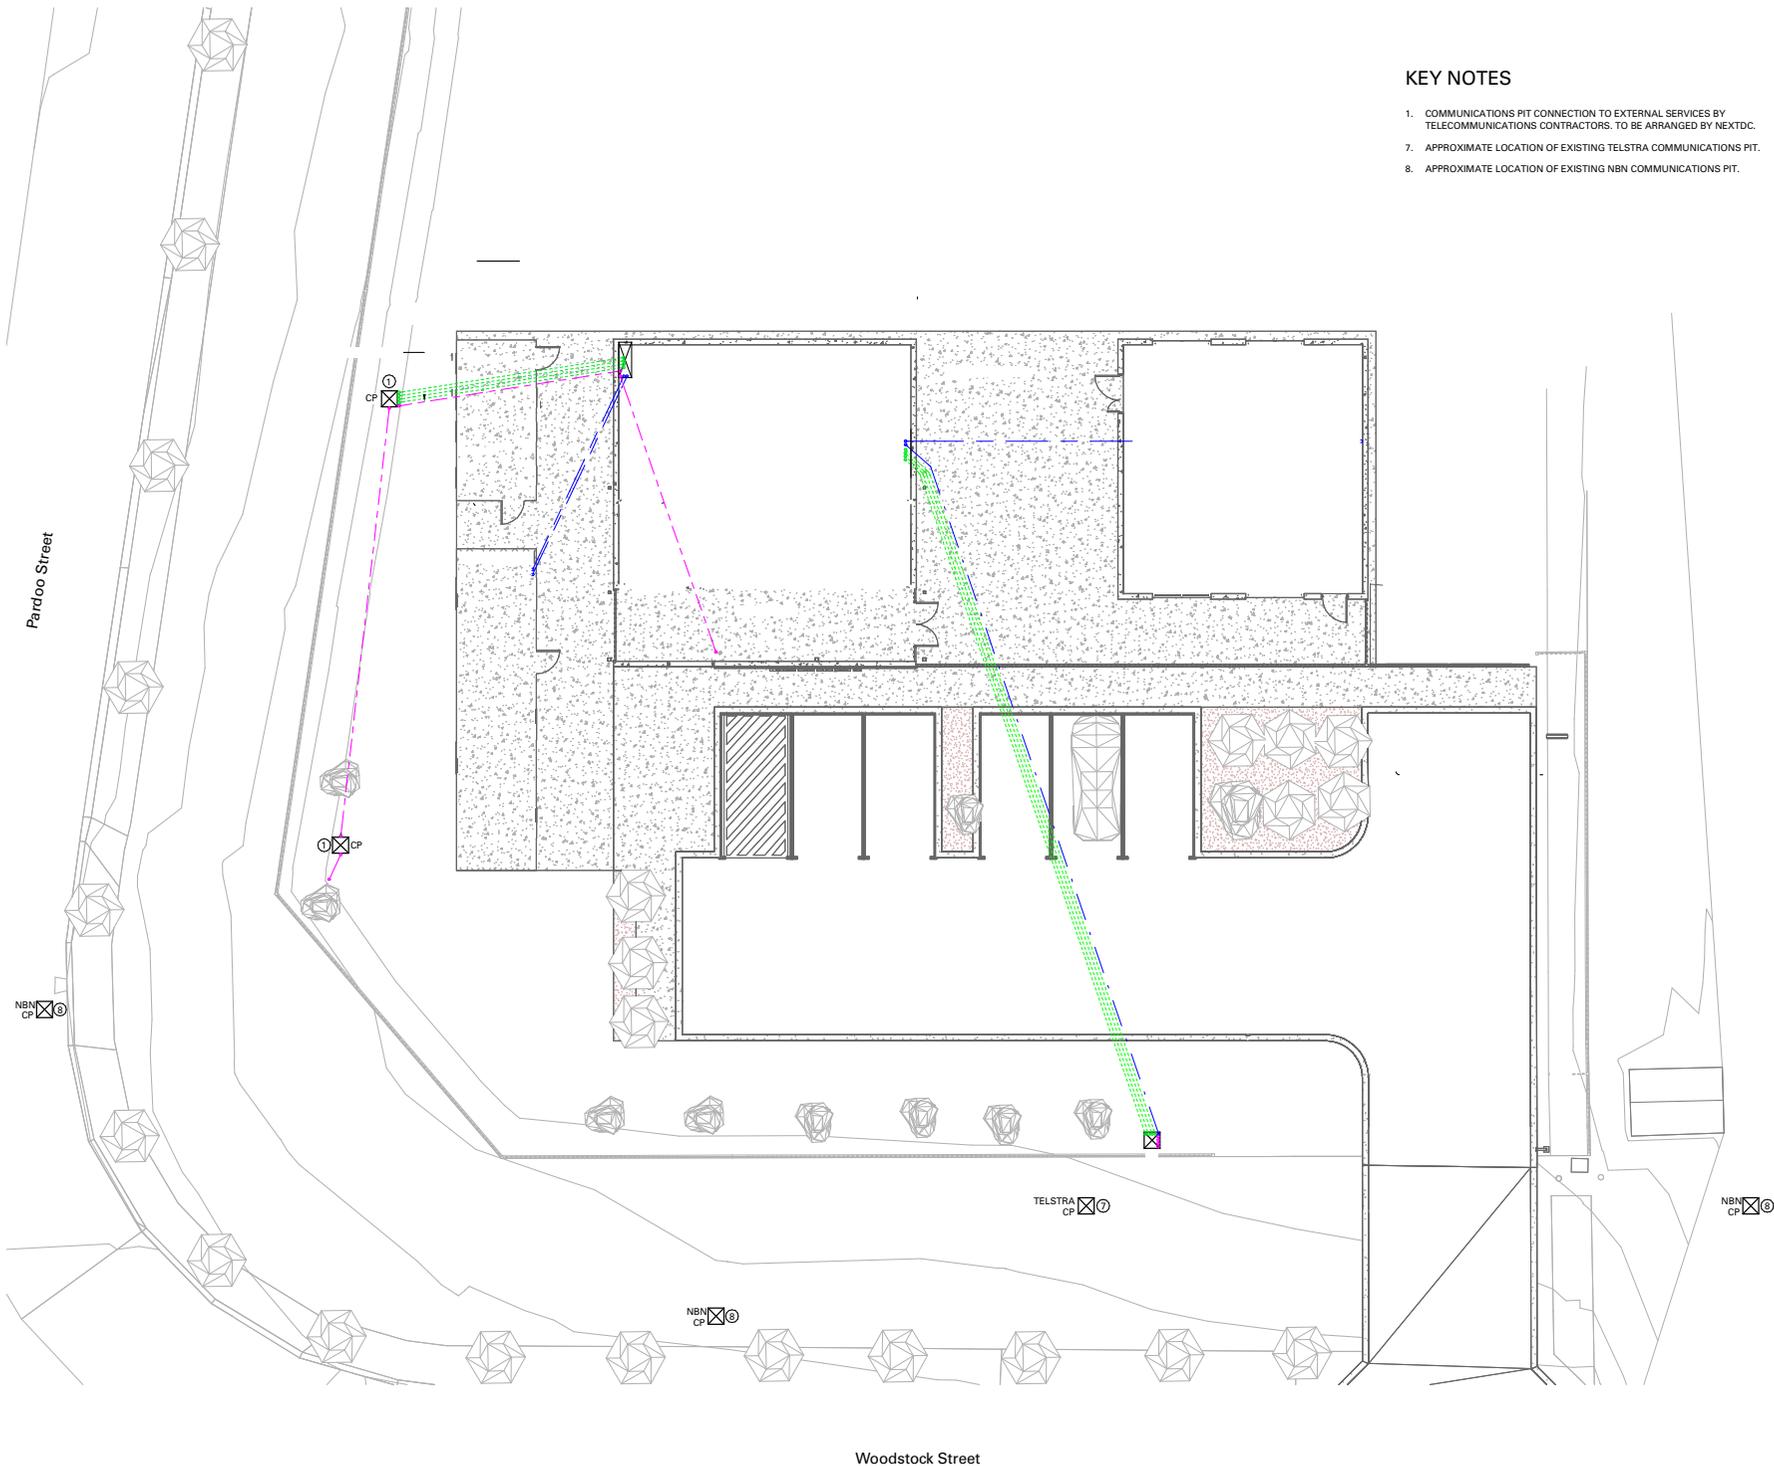

More general information can be found on the NEXTDC website.

Please reach out to NEXTDC's contact for carrier access to request further technical information:

Technical Operations Centre
